

BASE OF THE RESEARCH (select the correct one or enter the digits corresponding to the ordinal number from the SAMPLE LIST)			
Customer's schedule		Research ordered by: (i.e. PIS, PIW, IJHARS) *	
Research from behind of the schedule		Other	
PURPOSE OF THE RESEARCH			
Determination of microbiological quality		Shelf life test Determination of the quality of the product on expiry / after use by date	
Determination of chemical / physical properties* parameters		Compliance with the Regulation of Health Ministry concerning the Quality of water (an area regulated by the law)	
Compliance with applicable laws as regards to food.		Inny (podać jaki):	
PRESENTATION OF CONFORMITY OF SPECIFICATION OR REQUIREMENT			
YES		NO	
The principle of making decisions: a decision based on simple acceptance	CONFORMATIVE RESULT - if it does not exceed the admissible limit, the risk of incorrect acceptance is up to 50% in the case of a result close to the detection limit and it is considered where it is reasonable. NON-CONFORMAL RESULT - if it exceeds the acceptable limit, with the risk of mistaken rejection of is up to 50% in the case of a result close to the detection limit and is considered where it is reasonable.		

ADDITIONAL INFORMATION	
Name and surname of the recipient:	Customer / Veterinary doctor / Laboratory staff *
Reports receipt method (contact data):	paper personal / post / via e-mail *
Language of the report:	Polish / German / English *
Residue sample's after the analysis:	return to the client (personal receipt / send at the cost of the customer) / at the disposal of the Laboratory *
External provider of the research:	I agree / I don't agree to / not applicable * a name of the Laboratory:
Collection and using the research results for statistical purposes:	I agree / I don't agree to *
Submission of the report on testing the quality of water for human consumption to the competent PPIS and PGIS:	I agree / I don't agree to / not applicable *
The uncertainty of the accredited research on the report:	YES / NO *
The samples' transport:	refrigerator (..... °C) / ambient temperature / not applicable *
Sample's container / Type of packaging:	sterile / non-sterile *. folic / plastic box / plastic bottle / glass jar / glass bottle / paper / can / contact plate / bag sponge / swab / bubble envelope no..... / VAC / MAP/ VAC-PK/ ATM-PK / BTL / integument ended with clips / other *
The scope of tests in accordance with:	Annex to the order / offer dated *
Additional Information:	
Method of payment:	transfer 14 days / cash *
Research suitability of the samples: (select)	yes
	no - reason:
	conditional - reason:
Comments:	

- The customer has the right to participate in the research in the role of an observer after meeting the requirements of the Laboratory.
- The customer may lodge a complaint to the Laboratory within 14 days of receipt of the test results.
- The time of the order completion depends on the amount and type of analyzed parameters. Issuance of test reports shall take place no later than 5 working days after the end of the tests (unless otherwise specified).
